## ASICS RELAY APPLICATION:

# SPORTSPLITS TRACKER

Keep Tracking of race details has never been easier! From race updates, race results, event photos, and even live tracking – all the race information you need in one place. Simply download the Sportsplits Tracker Application now! With the new Live Tracking function, you will even be able to track your teammate's position and prepare for your fun!

# RACE TIMING:

## RACE TIMING

ASICS Relay Thailand will be adopting SPORTSPLITS Timing Chip to record your times electronically. All runners will have a Timing Chip attached to the back of your race bib.

## HOW DO I USE MY TIMING TAG?

The Timing Tag is a disposable one-time race timing tag which is attached to the back of your race bib.

## WHAT DO I DO WITH THE TIMING TAG AFTER THE RUN?

You do not need to return the Timing Tag and can dispose it after completing the race.

## WHAT HAPPENS IF THE TIMING TAG GETS WET?

The Timing Tag is completely weatherproof and will work regardless of rain, heat, storms, humidity or other inclement conditions.

## HOW DO I MAKE SURE THAT MY TIMING TAG WORKS?

Each Timing Tag is checked and verified for functionality before it is distributed to each participant. The Timing Tag is always “on standby” and will not need to be activated.

# RACE TIMING:

It will be effective when placed within 1 metre of the timing mats located at the start, finish & split points on the race course.

## WHAT SHOULD I NOT DO WITH THE TIMING TAG?

Do not bend, perforate or remove the Timing Tag from the race bib. Any unauthorised alternations and amendments to your race bib and/or the Timing Chip will result in disqualification.

## WHAT IS A TIMING CHIP TIME AND HOW IS IT DIFFERENT FROM GUN TIME?

Chip time is recorded by the electronic Timing Tag that is attached to the back of your race bib. Your Timing Tag records the time which you cross at the Start Line, Finish Line and at the several split points in between. Chip time is often shorter than gun time because it begins only when a runner crosses the start line, while gun time begins once the start gun is fired; many runners don't cross the start line until several minutes after their official gun time has begun.

## HOW ACCURATE IS TIMING CHIP TIME?

Chip time is the most accurate form of run timing available because it measures the exact time between a runner crossing the start line and finish line. Chip time also records several important splits, providing an accurate record of each runner's progress and pace.

#### **How does the ASICS Relay work?**

Team of 4 runners will run and complete a total race course of a 42KM full marathon or 21KM half marathon distance in a relay race format. The first runner of the team will start the race wearing the relay token. At the transitional point, first runner will pass the relay token to the second runner, the relay will continue until the last runner of the team finishes the race. If your team of 4 is registered for the 21KM (half marathon) race category, each runner must run 5.25KM. If your team is registered for the 42KM race category, each runner must run 10.5KM. Buddy of 2 runners will run and complete a total race course of 21KM Half Marathon distance. Each runner will run 10.5KM. The first runner will start the race wearing the relay token and sash. At the transitional point, first runner will pass the relay token and sash to the second runner.

#### **Do all runners of the Relay assemble at the same location?**

All runners in each team of 4 must assemble at their designated reporting locations before the stipulated time. The 1st runner reports to the Start Pen, while the remaining 2nd, 3rd and 4th runner reports to the Transition Zone. All runners in each Buddy of 2 must assemble at their designated reporting locations before the stipulated time. The 1st runner reports to the Start Pen, while the remaining 2nd runner reports to the Transition Zone. Please take note that any team with latecomers will be disqualified.

## EVENT DETAILS

### **Will all runners in a team receive the Finisher's Medal?**

Yes. All runners will receive a Finisher's Medal each on the condition that the team finishes the race within the stipulated cut off timings.

### **If one of my team member cannot make it on race day, can the rest of the team run the extra distance to cover for him or replace him with another runner?**

No. Due to safety and medical reasons, each team must consist the same 2 or 4 registered runners. Teams are not allowed to substitute any team members or have any member of the team run more than a leg of the race. In the interest of the runners' safety, the organizer strictly prohibits and strongly discourages the sale, exchange, and/or transfer of race entries, since each race bib contains the registered runner's medical information and emergency contacts, which is important for medical teams to provide immediate medical assistance should an accident occur. Any violation of the above mentioned restrictions by any teams will result in an immediate disqualification as deemed by the race organizer.

Requests to transfer race bib to a non-registered runner are accepted on a case-by-case basis and is up to the discretion of the Event Organizer.
